

# TRAVEL INSURANCE

Travel Insurance is designed to provide financial protection and peace of mind while travelling inbound and outbound. It safeguards the insured against unforeseen events that may occur before or during a trip, helping to minimize financial loss and inconvenience.

The policy typically covers medical emergencies, accidental injury, death, loss, delay of baggage, trip cancellation, interruption or travel delays, and personal liability. In the event of illness or accident while abroad, the policy ensures access to quality medical care without the burden of unexpected expenses.

Travel Insurance is ideal for individuals, families, students, and corporate travelers, offering flexible options depending on the purpose and duration of travel. With this cover, travelers can focus on their journey knowing they are protected against unexpected risks.

### Suitability

This policy is suitable for all individuals and business establishments exposed to liability arising out of unforeseen events in the course of their travel.
